CMMC Program Overview and History

The CMMC Program helps ensure that DoW contractors and subcontractors comply with DoW requirements to safeguard FCI and CUI.

CMMC

What:

A consistent pre-award assessment methodology to determine whether a prospective contractor has implemented cybersecurity protections necessary to adequately safeguard DoW information.

Why:

To increase the cybersecurity posture of the DIB and better protect Federal Contract Information and Controlled Unclassified Information.

How:

All defense contractors and subcontractors will show compliance with applicable security requirements through self-assessment or independent assessment, prior to contract award (excluding Commercial-Off-The-Shelf procurements).

Existing DoW Cybersecurity Requirements

- DFARS clause 252.204-7012 – **Effective Oct 2016 (to be implemented NLT Dec 2017)**
 - ❑ Safeguard DoW CUI that resides on or is transiting through a contractor/subcontractor internal information system or network by implementing NIST SP 800-171 at a minimum
 - ❑ Report cyber incidents that affect contractor/subcontractor ability to perform requirements designated as operationally critical
 - ❑ Does not required a specific POA&M close-out date or a compliance assessment
- DFARS Provision 252.204-7019 – **Effective Nov 2020**
 - ❑ Implement DFARS clause 252.204-7012 and have at least a NIST SP 800-171 self-assessment (Basic) that is current posted in SPRS (i.e., not more than three (3) years old unless a lesser time is specified in the solicitation)
 - ❑ Does not require a minimum passing score
- DFARS clause 252.204-7020 – **Effective Nov 2020**
 - ❑ Provide Government access when necessary to conduct or renew a higher-level Assessment
 - ❑ Include requirements of the clause in all applicable subcontracts and ensure applicable subcontractors can conduct and submit an Assessment

CMMC assesses whether a prospective DoW contractor has implemented these standards

CMMC Applicability

- CMMC Program requirements will apply to all DoW solicitations and contracts for which a defense contractor or subcontractor will process, store, or transmit FCI or CUI on its unclassified contractor information systems
 - ❑ New DoW solicitations
 - ❑ New DoW procurement instruments, including contracts, task orders, delivery orders and their associated option periods
 - ❑ As a condition to exercise an option period
 - ❑ Subcontractors are subject to flow-down requirements
- CMMC implementation will occur through new contracts awarded after **10 Nov 2025**
- Incorporation in older contracts would require bilateral modification

The CMMC Program does not alter separately applicable requirements to protect FCI or CUI

CMMC Implementation Through Contracts

- DFARS clause 252.204-7021
 - ❑ Relies on the requiring activity to identify the appropriate CMMC Status requirements based on the type of information to be processed, stored, or transmitted
 - ❑ Implements CMMC Program requirements codified in 32 CFR Part 170, which include:
 - Minimum passing score of 80% (88/110)
 - Restriction of items that can be identified on a POA&M
 - Maximum 180-day POA&M close-out date
 - Annual affirmation of continued compliance in SPRS
 - Flow-down of requirements to subcontractors

The Effective Date for the Final CMMC DFARS Clause is 10 Nov 2025

Revised CMMC Framework Requirements

CMMC Model		Model	Assessment
LEVEL 3	134 requirements (110 from NIST SP 800-171 R2 plus 24 from NIST SP 800-172)	• DIBCAC certification assessment every 3 years • Annual Affirmation	
	LEVEL 2	110 requirements aligned with NIST SP 800-171 R2	• C3PAO certification assessment every 3 years, or • Self assessment every 3 years for select programs • Annual Affirmation
	LEVEL 1	15 requirements aligned with FAR 52.204-21	• Annual Self Assessment • Annual Affirmation

When specified in a solicitation, all CMMC requirements must be met prior to award

CMMC Post-Assessment Remediation

❑ CMMC Program will allow limited use of POA&Ms

- POA&Ms are not allowed for CMMC Level 1.
- Refer to § 170.21 of the 32 CFR CMMC Program final rule for CMMC Level 2 and Level 3 POA&Ms requirements, including critical requirements not allowed in a POA&M.

❑ Closeout Assessment

- POA&M closeout self-assessment is conducted by the OSA.
- POA&M closeout Certification Assessment is conducted by a C3PAO or the DIBCAC.
- POA&Ms must be closed out within 180 days of when the CMMC Assessment results are finalized and submitted to SPRS or CMMC eMASS, as appropriate.

Failure to close POA&M within 180 days will result in an expired CMMC Status

Conditional and Final Status

- An Organization Seeking Assessment (OSA) may achieve a **Conditional CMMC Status** if the initial assessment (with passing score) resulted in allowable POA&M items.
- An Organization Seeking Certification (OSC) achieves a **Final CMMC Status** when assessment results in a passing score with no POA&M, or when the POA&M has been closed out within 180 days of achieving a Conditional CMMC Status.

Phased Implementation of CMMC Requirements

DoW may implement CMMC Level 2 (C3PAO) requirements in some Phase 1 procurements or Level 3 requirements in some Phase 2 procurements, which may limit competitors or drive cost

CMMC Ecosystem

DoW CIO CMMC PMO - § 170.6

- Provides oversight of the CMMC Program, to include the CMMC AB
- Develops and maintains the CMMC Model Overview, Assessment Guides, Scoping Guides, and Hashing Guide
- Scheme Owner for ISO/IEC Requirements
- Establishes DoW requirements of C3PAOs, CAICO, Assessors, and Instructors

DoW - DCMA DIBCAC - §170.7

- Conducts CMMC Level 2 Certification Assessments on C3PAOs
- Conducts CMMC Level 3 Certification Assessment on DIB
- Advises DoW CIO CMMC PMO

C3PAOs – § 170.9

- ISO / IEC 17020
- Conducts CMMC Level 2 Certification Assessments on DIB contractors
- Employs Assessors
- Submits Assessment Report in eMASS
- Issues CMMC certificate to DIB contractor

Agreements

CMMC Certified Professionals, Assessors & Instructors – § 170.11, § 170.12 and 170.13

- Certified by CAICO IAW ISO/IEC 17024

DoW Contract

CMMC AB - §170.8

- Professionally staffed
- Managed by Board of Directors
- ISO / IEC 17011 Compliant
- Accredits C3PAOs
- Accredits CAICO

CAICO - §170.10

- ISO/IEC 17024
- Certifies CMMC Certified Professionals, Assessors, and Instructors
- Defines knowledge areas required for CCPs, CCA,s and CCIs with input from DoW
- QCs curriculum developed by ecosystem
