THE DOD CYBER AND INFORMATION TECHNOLOGY EXCHANGE PROGRAM

EXCHANGE HIGHLIGHTS

A lead software systems engineer from the Space and Naval Warfare Systems Command participated in a six-month exchange to Amazon Web Services (AWS) as an AWS DoD solutions architect.

An enterprise licensing lead from the Department of Navy participated in a one-year exchange to VMware as a cloud operations fellow.

QUESTIONS?

For additional questions, please contact the DoD CITEP mailbox at osd.mc-alex.dod-cio.mbx.ask-citep@mail.mil.

ABOUT THE CITEP PROGRAM

The DoD Cyber and Information Technology Exchange Program (CITEP) provides a unique opportunity for DoD and private sector employees working in the information technology (IT) and cybersecurity fields to participate in a temporary detail (between three months and one year) between the two sectors.

CITEP CAREER DEVELOPMENT

This is an opportunity for you to enhance your IT and cybersecurity competencies and technical skills through defined and meaningful experiences at a private sector organization. Throughout the process you will gain exposure of emerging IT and cybersecurity concepts, strategies, private sector best practices and more.

ELIGIBILITY REQUIREMENTS

To be eligible for CITEP you must be a current DoD civilian employee at the General Schedule grade 11 level and above (or equivalent) working in the cybersecurity or IT field. Applicants must also be currently performing at a minimum of the "Fully Successful" performance level and receive an endorsement from their immediate supervisor.
