### DoD CIO Leadership in Action

Dana Deasy

Executive Mosaic is honored to introduce [Dana Deasy](#), chief information officer of the Department of Defense, as an inductee into the 2020 edition of the [Wash100](#) for prioritizing information technology projects that drive DoD's digital modernization and new tech adoption. He was previously selected for his first Wash100 Award in 2019 for promoting and developing artificial intelligence capabilities and spearheading cloud adoption effort. Over the last year, he's found success and continued those missions to receive a second Wash100 Award. He [announced](#) in December that the Pentagon will move 14 components to the JEDI cloud environment beginning in February as part of the initial deployment of the platform. ### Recruitment: Hiring Events for Cyber Workforce Positions

#### March 2020

[Presidential Management Fellows \(PMF\) Program in-person Hiring Fair \(Bethesda, MD\)](#)

**Position Now Open:** The Department of Labor seeks to fill the open position of the *Director of Information Technology (IT) Operations and Services* within the Office of the Chief Information Officer. This is a Senior Executive position. Please see link below for details.

[Director of Information Technology \(IT\) Operations and Services.](#)

#### April 2020

[IEEE/NDIA/INCOSE Systems Security Symposium 2020 \(Crystal City, VA\)](#)

#### May 2020

[Baltimore Veterans Job Fair, Baltimore, MD](#)

### Development: Events for Professionals, Managers, & Staff

#### March 2020

[InfoSec Finance Connect 2020 \(15 March\):](#) InfoSec Finance Connect Conference is a high profile, interactive meeting of senior-level cybersecurity leaders from top credit unions, US banks, insurances, and financial services companies. It's a forum built to share detailed discussions, source solutions/services from leading providers, and gain valuable insights on improving strategy.

[McLean Cyber Security Meetup, hosted by Capital One \(12 March\):](#) A new regular Meet Up, hosted by Capital One at their brand-new McLean head office complex. These will be free, vendor and sales-free Meet Ups for cyber and infosec enthusiasts to listen to industry speakers and discuss ideas and learnings. Plus the opportunity to network and engage with the wider tech community.

#### May 2020

[THOTCON 2020 \(9 May\):](#) THOTCON is a hacking conference based in Chicago IL, USA. This is a non-pro fit, non-commercial event looking to provide the best conference possible on a limited budget. Due to its non-profit and non-commercial nature, THOTCON is a very affordable security conference that has a significant twist: the Chicago venue is not announced until the week leading up to the event (it's top secret actually).

#### June 2020

[33rd Annual Conference \(15 June\):](#) This conference serves as a professional forum for the exchange of information and improvement of information systems security awareness and training programs throughout the federal government.
