DoD 8140 Series Update

We recently hosted a kick-off call with stakeholders to discuss the Training Alignment Tasker (CATM2S405201938P5US). This Task requests that the Components review and align existing government training courses to the DCWF work roles in support of establishing foundational qualifications under the DoD 8140 Manual. This builds on the work that Components began in August 2018. If you have questions or need information on the Tasker, please contact the Cyber Workforce mailbox at OSD.CyberspaceWorkforce-TAG@mail.mil

Partners In Action

The CIO Council has partnered with technology hiring experts to pilot an interagency Code Challenge. Code challenges are used extensively in the private sector to pre-qualify IT talent, and they are viewed as an industry best practice. The CIOCode Challenge pilot program kicked off on May 4 and includes three separate online skill assessments, which run for one month each.

2019 Community College Cyber Summit (3CS) National academic conference focused on cybersecurity education at community colleges. Present the 6th annual edition of 3CS. Jul 30 - Aug 1, Bossier Parish Community College, LA.

2019 DoDIEE Worldwide Conference Defense Intelligence Agency brings experts & innovators from the military, industry, government, & academia to share their unique insights on the conference theme: Resiliency, Redundancy & Security: Adapting to Asymmetric Threats. Aug. 18-21 in Tampa, FL.

Defense Civilian Advisory Service training programs support the deliberate development of a highly skilled civilian workforce who are high performing, results-oriented and well prepared to excel in a joint, total force environment.

5 DoD Enterprise LD programs:

- Defense Civilian Emerging Leader Program (DCELP)
- Executive Leadership Development Program (ELDP)
